To keep our delegates and employees safe during the current Covid19 pandemic we will be implementing new measures with full details being supplied with our joining instructions but some of these procedures will include:

- Should any delegate have any symptoms of COVID 19 they must not attend training.
- We may check delegates temperatures on arrival.
- Delegate numbers on courses will be reduced in order for us to implement social distancing measures at all times.
- Allocation of work space to each delegate for sole use for the duration of the course.
- Hand sanitisation will be available and regular hand washing protocols in place.
- Face coverings / masks will not be provided but delegates are welcome to wear their own if they should wish and we ask for delegates to bring with them their own drinking vessel(s) to use..
- We will be implementing a track and trace procedure should any delegate fall ill within 48 hours of a course, we ask for full corporation from delegates.
